

T36 Split Core Current Transformer Product Datasheet

Overview

The T36 split-core current transformer is the ideal choice for easy installation whilst providing a highly accurate measurement for any 5A input electricity meter.

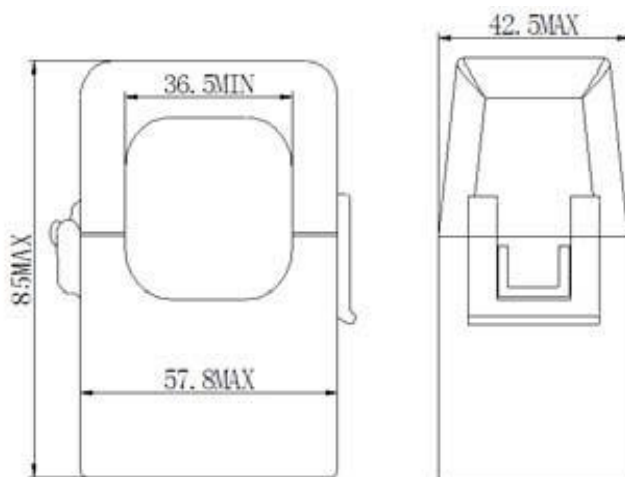

Part number	T36-XXX-5A
Availability	Next Day
CT Type	Retro-fit
Aperture	36mm
Primary Ratios	300A / 400A / 600A

Specification

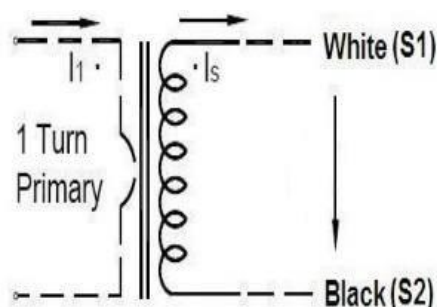

Secondary Output: 5A
Accuracy Class: 1% (Metering Grade)
1 Metre flying lead

White connection = S1 - Black connection = S2
Output connection: 14 AWG Wire - 2.5mm

Casing Dimensions
